EDUCATION

University of Ibadan
B.Sc. Ed in Human Kinetics

October, 2026
Ibadan Nigeria

EXPERIENCE

Independent AI Automation Developer
Self-directed & client work

March 2026 – Present
Nigeria (Remote)

- Designed and shipped a WiFi hotspot billing system for small venues, integrating PHPNuxBill, a virtualized MikroTik router (CHR), and Paystack for automated payment-to-access provisioning.
- Built an end-to-end fee collection automation pipeline (n8n, NocoDB, Paystack, WhatsApp Cloud API, Telegram, Gotenberg) that converts a payment into an auto-generated, auto-delivered PDF receipt with no manual steps.
- Delivered GoHighLevel CRM automation workflows for medspa and gym clients, covering lead capture, follow-up sequencing, and appointment reminders.

Backend Developer Intern, CareerPay
Nigerian HR / Payroll Platform

October 2025 - February 2026
Remote

- Built and maintained components of the core payroll engine used in production.
- Implemented ESOP (employee stock option plan) management features.
- Set up BullMQ-based background job queuing to handle asynchronous payroll processing.
- Integrated Brevo for transactional email delivery across the platform.

PROJECTS

WiFi Hotspot Billing System

- Solved Docker/MariaDB deployment issues, WSL2 networking limitations with MikroTik CHR, and MikroTik API routing problems; validated the system with a working demo ahead of hardware rollout.

School Fee Collection Automation

- Architected a workflow where parent payment via Paystack automatically triggers PDF receipt generation and delivery over WhatsApp and Telegram, with records tracked in NocoDB.

TECHNICAL SKILLS

Automation & Backend: n8n, Zapier, Make.com, Notion, NocoDB, REST APIs, Webhooks, PostgreSQL

Payments & Billing: Paystack API, PHPNuxBill, voucher/billing logic

Messaging & CRM: WhatsApp Cloud API, Telegram Bot API, GoHighLevel

Networking & Infrastructure: MikroTik RouterOS, MikroTik CHR

Also comfortable with: Node.js, BullMQ, Gotenberg, Brevo

LEADERSHIP & ACTIVITIES

- Building in public on LinkedIn and TikTok to reach out to Nigerian businesses and automate their business and help them scale smarter.*

CERTIFICATIONS

- Software Development at PluralCode Institute --- Issued September 2025 --- Credential ID CERT/PLC/2025/146235*
- Data Analytics at Datafrik.co ---- Issued December 2024 ----- Credential ID 9oCS3YRoZQCP9*

ADDITIONAL

Languages: *Fluent in English and Yoruba*

Interests: *Anime, Movies and Soccer*
